

INVITE

Coastwatch 'Marine Life and Litter' Exhibition Launch

6-8 pm, Tuesday, 22nd May 2018

hosted by MEP Lynn Boylan,

Cocktails with a taste of Irish seafood and music

JAN 3Q Space Exhibition Area

Rue Wiertz 60/ Place Luxembourg

European Parliament Brussels

Exhibition opening hours from Tuesday 6 pm May 22nd until 6 pm Thursday 24th May 2018.

Experienced Coastwatch scientists will be available to discuss issues and answer queries.

Design team: Karin Dubsy, Ángel Duarte Campos, Sabine Springer and Antoine Warrant

Photos by Liam Ryan and Sabine Springer

The exhibition, provides Coastwatch citizen science marine litter data over thirty years with a focus on the Island of Ireland and snippets from across Europe. For select items like plastic bags, the data captures the fast improvements achieved where apt action was taken to address a growing marine litter problem. This leads into a module on solutions linked to the EU plastic strategy and new waste law. Artist contributions are to engage the viewer in the value of our seas, biodiversity and the threats posed by marine litter.

RSVP
